##### **§1004.5. Complaint Investigations.**

(a) When a complaint alleging violations of this chapter, or sections 18200 through 18700 of the Health and Safety Code is referred to a local enforcement agency, the local enforcement agency shall do the following:

(1) Make reasonable efforts to contact the complainant to discuss the complaint. If the issue addressed within the complaint exceeds the authority or jurisdiction of the enforcement agency, the complainant shall be so advised, and shall be directed, when possible, to the appropriate governing entity.

(2) Investigate allegations of violations representing an immediate risk to life, health, or safety within five (5) days of receipt of the complaint by the agency.

(3) Investigate allegations of violations representing an unreasonable risk to health or safety within thirty (30) days of receipt by the agency.

(4) Discuss the results of the investigation with the complainant, or provide the results in writing, if requested by the complainant.

(b) When a complaint is referred to a local enforcement agency from the Office of the Mobilehome Ombudsman (Office), the local enforcement agency shall, no later than thirty-five (35) days following its receipt of the complaint, submit a written report detailing the final results of the investigation to the Office, or its designee.

(c) When an inspection as a result of a health and safety complaint results in a written order to correct for a violation of this chapter and a reinspection reveals that the cited person failed to correct the violation, the enforcement agency shall be compensated by the person responsible for correction of violation for any subsequent reinspection to verify correction of the violation at the following hourly rate.

(1) First hour: one hundred ninety-six dollars (\$196).

(A) Second and subsequent whole hours: eighty-two dollars (\$82).

(B) Each thirty (30) minutes or fractional part thereof: forty-one dollars (\$41).

## Chapter 2. Mobilehome Parks and Installations

### Article 1. Administration and Enforcement

#### Amend Section 1020.9.

#### **§ 1020.9. Application and Fee Requirements for Accessory Building, Foundations System, or Engineered Tiedown System Standard Plan Approvals.**

(a) A standard plan approval is available from the department for a plan for an accessory building or structure constructed and installed pursuant to this article and ~~a~~Article 9 of this chapter, for a foundation system installed pursuant to section 18551 of the Health and Safety Code, and ~~s~~Section 1333(d) of this chapter, and for an engineered tiedown system designed pursuant to ~~s~~Section 1336.3 of this chapter.

(b) In order to obtain a standard plan approval, the applicant shall submit to the department the following items:

(1) A completed application for standard plan approval on the form, as defined in Section 1002 of this chapter, designated by the department

(2) Three (3) copies of the plans, specifications, and/or installation instructions, and two (2) copies of the design calculations, when required, to substantiate the design. Specifications shall be shown on the plan. Design calculations shall be submitted separately from the plan sheet.

(3) An application fee of ~~one hundred dollars (\$100)~~ two hundred three dollars (\$203) for each plan.

(4) Plan check fee for initial, resubmission, or renewal. Sixty dollars (\$60) provided that the plan check is not in excess of one hour, plus thirty dollars (\$30) for each additional one half (1/2) hour or fraction of thirty minutes after the first hour. Two hundred three dollars (\$203) providing the related plan check does not exceed one hour. Where the related plan check exceeds one hour, the following fees shall apply:

(A) Second and subsequent whole hours: ninety-two dollars (\$92).

(B) Each thirty (30) minutes, or fractional part thereof: forty-six dollars (\$46).

(5) Additional plan check fees shall be due and payable prior to the issuance of a plan approval or a revised plan approval, if more than one (1) hour is required to conduct the plan check.

~~(6) Technical service fee. Sixty dollars (\$60) provided that the technical service is not in excess of one hour, plus thirty dollars (\$30) for each additional one half (1/2) hour or fraction of thirty (30) minutes after the first hour.~~

~~(7) (6)~~ When plans and specifications fail to comply with the requirements of this chapter, the enforcement agency shall notify the applicant in writing, stating in what respects the plans do not comply. The applicant shall correct the plans and/or specifications and resubmit them to the enforcement agency or withdraw them from consideration, forfeiting all submitted fees. ~~The following fees are required for each resubmission of plans or specifications subsequent to the initial plan check:~~

~~(A) Plan resubmission fee. Ten dollars (\$10).~~

~~(B) Plan check fee. Sixty dollars (\$60) provided that the plan check is not in excess of one hour duration plus thirty dollars (\$30) for each additional one half (1/2) hour or fraction of thirty (30) minutes after the first hour.~~

~~(8) (7)~~ An Identification Label of Approval shall be provided for each accessory building or structure to be manufactured under the standard plan approval and each accessory building or structure shall have an approved identification label of approval attached in a visible location.

~~(9)~~(8) The actual identification label shall be submitted to the department for approval with the application for a standard plan approval prior to issuance of the approval. The approved identification label of approval shall:

- (A) be not less in size than 3 inches by one and one-half (1½) inches ;
- (B) contain the following information as applicable;

<p><b>ACCESSORY BUILDING OR STRUCTURE</b></p> <p>1. Name of Manufacturer</p> <p>2. Standard Plan Approval No. _____</p> <p>3. Designed for:</p> <p>____ lbs. per square foot roof live load</p> <p>____ lbs. per square foot horizontal wind load</p> <p>____ lbs. per square foot snow load</p> <p>____ lbs. per square foot floor live load</p> <p>____ lbs. per square foot wind uplift load</p> <p>4. Structure (may) (may not) be enclosed.</p> <p>Department of Housing and Community Development</p>
---

(C) be provided by the manufacturer and be permanently imprinted with the information required by this section;

~~(10)~~ (9) The identification label of approval shall be either Type I, II, or III as specified in this section, each capable of a ten-year life expectancy when exposed to ordinary outdoor environments. Letters and numbers shall be bold Gothic or similar style, varied for emphasis, as large as space permits, with the minimum size being 5/64 inches. Wording shall be easily read and concise. Where permanent type adhesives are used on Type I, II, or III plates, adhesives shall have a minimum thickness of .004 inches, and the plates shall be affixed to a relatively smooth surface.

(A) Type I. Rigid metal plates affixed by screws, rivets, or permanent type adhesives.  
Minimum size: .020 inches x 1½ inches x 3 inches net dimensions (inside fastener heads).  
Material: Aluminum, brass or stainless steel etched, stamped, engraved, or embossed to 0.015 inches minimum depth differential, color anodized or enamel filled.

(B) Type II. Flexible metal plates affixed by permanent adhesives, either pressure sensitive acrylics or solvent activated resins.  
Minimum Size: .005 inches x 1½ inches x 3 inches.  
Material: Aluminum foil etched or stamped to .001 minimum depth differential with color anodized background.

(C) Type III. Metallized Mylar (polyester), surface bonded.  
Minimum Size: .003 inches x 1½ inches x 3 inches.

~~(4)~~ Material: Aluminum/vinyl surface bonded (to be used for nameplates where variable information is required by embossing, which can be done with a conventional typewriter). Minimum Size: .006 inches x 1½ inches x 3 inches.

(c) Plans submitted to the department shall be on sheets of paper no smaller than eight and one-half (8½) inches by eleven (11) inches, and no larger than thirty (30) inches by forty-two (42) inches.

- (1) Plans shall indicate the details of connections, dimensions, footings, foundations, general notes and method of installation, necessary for the design and construction of the system.
- (2) A plan shall indicate only one model or type of system.
- (3) Each plan sheet shall provide a space not less than three (3) inches by three (3) inches for the department's standard plan approval stamp and number.
- (4) When the design of the system requires an engineering analysis of structural parts and methods of construction, such as required for an engineered tiedown system or engineered accessory building or structure, the plans, specifications, and calculations shall be signed by an architect or engineer.
- (5) Each plan shall be identified by a model number.
- (d) If an application or plans are incomplete or do not conform to this chapter, the applicant shall be notified in writing within ten (10) working days of the date they are received by the department. The applicant shall resubmit a corrected application or plans within ninety (90) days of the notice, or within ninety (90) days of any subsequent notification relating to a resubmittal, along with the fees required by ~~sub~~Section 1020.9(b)(7) of this section.
- (e) Should the applicant cancel the application for the standard plan approval prior to obtaining department approval, all fees submitted will be retained by the department for services rendered.
- (f) A standard plan approval shall expire twenty-four (24) months from the date of the department's approval as designated on the department's stamp of approval placed on the plans.
- (g) A standard plan approval may be renewed on or before the expiration date by submitting an application, together with three (3) copies of the plan as required by subsections (b)(1) and (2), and a renewal fee of ~~fifty dollars (\$50)~~ two hundred three dollars (\$203).
- (1) Renewal of a standard plan approval is permitted only when the plan submitted is identical to the plan on file with the department.
- (2) Each plan submitted for renewal shall provide a space not less than three (3) inches by three (3) inches for the department's standard plan approval stamp and number.
- (3) When a standard plan approval is renewed, the department-issued number shall remain the same.
- (h) An application for approval of revisions to a standard plan approval, which does not change the structural system or method of the system's construction, and is submitted prior to the approval's expiration date, shall be submitted with the following documentation:
  - (1) three (3) copies of the revised plan and specifications;
  - (2) two (2) copies of the revised design calculations, as required by subsection (b)(2); and
  - (3) the plan check fee, for the first hour, for each plan.
- (i) An applicant with a revised standard plan approval shall submit the following to the department:
  - (1) an application for a standard plan approval as specified in subsection (b)(1) above;
  - (2) copies as specified in subsections (h)(1) and (2) above; and
  - (3) a resubmission fee, as specified in ~~sub~~Section 1020.9(b)(7) above, for each plan.
- (j) A revised plan submitted pursuant to ~~sub~~Section 1020.9(i) above, shall be processed as provided by subsection (h) or subsection (i), depending upon whether or not the changes to the plan are substantive. A plan submitted after the final expiration shall be processed as a new application with appropriate fees assessed.
- (k) When amendment of applicable laws or the department's regulations requires changes to an approved plan, the department shall:
  - (1) notify the applicant of the changes, and
  - (2) allow the applicant one hundred eighty (180) days from the date of notification to submit a revised plan for approval or until the expiration date of the standard plan approval, whichever occurs first.

(j) Written approval shall be evidenced by the department's stamp of approval on the plans. The stamp of approval shall include a unique department-issued standard plan approval identification number for each approved plan, specification, or installation instruction.

(m) Standard plan approval for each accessory building or structure, foundation system, or engineered tiedown system is contingent upon compliance with the requirements of this article. The department may conduct inspections to determine compliance with an approved plan. Violation of any of the provisions of this article or variations from an approved plan shall be cause for cancellation of the standard plan approval.

(n) Reproductions of an approved plan bearing a department-issued standard plan approval for the purpose of obtaining a permit to construct a foundation system or accessory building or structure shall be clear and legible.

(o) When an applicant who has obtained a standard plan approval discontinues the business, has notified the department, or the department makes that determination, the standard plan approval shall be canceled.

(p) The department shall be notified of any change in the name of an applicant or change in name or ownership of an applicant's business. The department may grant a standard plan approval to the new owner, if the new owner provides a written certification that the accessory building or structure foundation system or engineered tiedown system will be constructed in accordance with the existing standard plan approval and submits the completed form designated by the department, together with ten dollar (\$10) fee. The certification, application, and fee shall be submitted for each plan with a separate standard plan approval.

(q) An applicant shall notify the department, in writing, within ten (10) days of any change to their address. The notification shall be accompanied with a ten dollar (\$10) change of address fee.

(r) Plans with a standard plan approval from the department shall be accepted by the enforcement agency as approved for the purpose of obtaining a construction permit when the design loads and allowable soil conditions of specified in the plans are consistent with the requirements for the locality. Local enforcement agencies shall not require the original signature of the architect or engineer on the standard plan approval.

### Article 1. Administration and Enforcement

#### Amend Section 2020.9.

##### § 2020.9. Application and Fee Requirements for Standard Plan Approvals.

(a) A standard plan approval is available from the department for a plan for an accessory structure constructed and installed pursuant to this article and ~~a~~Article 9 of this chapter

(b) In order to obtain a standard plan approval, the applicant shall submit to the department the following items:

(1) A completed application for standard plan approval on the form, as defined in Section 2002 of this chapter, designated by the department.

(2) ~~Three (3) copies of the plans, specifications, and/or installation instructions, if applicable, and two (2) copies of the design calculations, when required, to substantiate the design. Specifications shall be shown on the plan. Design calculations shall be submitted separately from the plan sheet.~~

(3) An application fee of ~~one hundred dollars (\$100)~~ two hundred three dollars (\$203) for each plan.

(4) Plan check fee. ~~Sixty dollars (\$60) provided that the plan check is not in excess of one (1) hour, plus thirty dollars (\$30) for each additional half (1/2) hour or fraction of thirty (30) minutes after the first hour.~~ Two hundred three dollars (\$203) provided the plan check does not exceed one hour. When the plan check exceeds one hour the following fees shall apply:

(A) Second and subsequent whole hours: ninety-two dollars (\$92).

(B) Each thirty (30) minutes, or fractional part thereof: forty-six dollars (\$46).

(5) Additional plan check fees shall be due and payable prior to the issuance of a plan approval or a revised plan approval, if more than one (1) hour is required to conduct the plan check.

~~(6) Technical service fee. Sixty dollars (\$60) provided that the technical service is not in excess of one (1) hour, plus thirty dollars (\$30) for each additional half (1/2) hour or fraction of thirty (30) minutes after the first hour.~~

~~(7)(6)~~ When plans and specifications fail to comply with the requirements of this chapter, the enforcement agency shall notify the applicant in writing, stating in what respects the plans do not comply. The applicant shall correct the plans and/or specifications and resubmit them to the enforcement agency or withdraw them from consideration, forfeiting all submitted fees. ~~The following fees are required for each resubmission of plans or specifications subsequent to the initial plan check:~~

~~(A) Plan resubmission fee. Ten dollars (\$10).~~

~~(B) Plan check fee. Sixty dollars (\$60) provided that the plan check is not in excess of one (1) hour duration plus thirty dollars (\$30) for each additional half (1/2) hour or fraction of thirty (30) minutes after the first hour.~~

~~(8)(7)~~ An Identification Label of Approval shall be provided for each accessory building or structure to be manufactured under the standard plan approval, and each accessory building or structure shall have an approved identification label of approval attached in a visible location.

~~(9)(8)~~ The actual identification label shall be submitted to the department for approval with the application for a standard plan approval prior to issuance of the approval. The approved identification label of approval shall:

(A) be not less in size than three (3) inches by one and one-half (1½) inches;

(B) contain the following information, as applicable;

**ACCESSORY BUILDING OR STRUCTURE**

1. Name of Manufacturer
2. Standard Plan Approval No. \_\_\_\_\_
3. Designed for:  
\_\_\_\_lbs. per square foot roof live load  
\_\_\_\_lbs. per square foot horizontal wind load  
\_\_\_\_lbs. per square foot snow load  
\_\_\_\_lbs. per square foot floor live load  
\_\_\_\_lbs. per square foot wind uplift load
4. Structure (may) (may not) be enclosed.

Department of Housing and Community Development

(C) be provided by the manufacturer and be permanently imprinted with the information required by this section;

~~(10)~~(9) The identification label of approval shall be either Type I, II, or III as specified in this section, each capable of a ten year life expectancy when exposed to ordinary outdoor environments. Letters and numbers shall be bold Gothic or similar style, varied for emphasis, as large as space permits, with the minimum size being 5/64 inch. Wording shall be easily read and concise. Where permanent type adhesives are used on Type I, II, or III plates, adhesives shall have a minimum thickness of .004 inch, and affixed to a relatively smooth surface.

(A) Type I. Rigid metal plates affixed by screws, rivets, or permanent type adhesives.

Minimum size: one and one-half (1½) inches by three (3) inches by .020 inches thick net dimensions (inside fastener heads).

Material: Aluminum, brass or stainless steel etched, stamped, engraved, or embossed to 0.015 minimum depth differential, color anodized or enamel filled.

(B) Type II. Flexible metal plates affixed by permanent adhesives, either pressure sensitive acrylics or solvent activated resins.

Minimum Size: .005 inch by one and one-half (1½) inches by three (3) inches.

Material: Aluminum foil etched or stamped to .001 minimum depth differential with color anodized background.

(C) Type III. Metallized Mylar (polyester), surface bonded.

Minimum Size: .003 inches by one and one-half (1½) inches by three (3) inches.

(i) Material: Aluminum/vinyl surface bonded (to be used for nameplates where variable information is required by embossing, which can be done with a conventional typewriter).

Minimum Size: .006 inches by one and one-half (1½) inches by three (3) inches.

(c) Plans submitted to the department shall be on sheets of paper no smaller than eight and one-half (8½) inches by eleven (11) inches, and no larger than thirty (30) inches by forty-two (42) inches.

(1) Plans shall indicate the details of connections, dimensions, footings, foundations, general notes and method of installation necessary for the design and construction of the system.

(2) A plan shall indicate only one model or type of system.

(3) Each plan sheet shall provide a space not less than three (3) inches by three (3) inches for the department's standard plan approval stamp and number.

(4) When the design of the system requires an engineering analysis of structural parts and methods of construction, such as required for an engineered tiedown system or engineered accessory building or structure, the plans, specifications, and calculations shall be signed by an architect or engineer.

(5) Each plan shall be identified by a model number.

(d) If an application or plans are incomplete or do not conform to this chapter, the applicant shall be notified in writing within ten (10) working days of the date they are received by the department. The applicant shall resubmit a corrected application or plans within ninety (90) days of the notice, or within ninety (90) days of any subsequent notification relating to a resubmittal, along with the fees required by ~~sub~~Section 2020.9(b)(7) of this section.

(e) Should the applicant cancel the application for the standard plan approval prior to obtaining department approval, all fees submitted will be retained by the department for services rendered.

(f) A standard plan approval shall expire twenty-four (24) months from the date of the department's approval as designated on the department's stamp of approval placed on the plans.

(g) A standard plan approval may be renewed on or before the expiration date by submitting an application, together with three (3) copies of the plan as required by subsections (b) (1) and (2), and a renewal fee of ~~fifty dollars (\$50)~~ two hundred three dollars (\$203).

(1) Renewal of a standard plan approval is permitted only when the plan submitted is identical to the plan on file with the department.

(2) Each plan submitted for renewal shall provide a space not less than three (3) inches by three (3) inches for the department's standard plan approval stamp and number.

(3) When a standard plan approval is renewed, the department-issued number shall remain the same.

(h) An application for approval of revisions to a standard plan approval, which does not change the structural system or method of the system's construction, and is submitted prior to the approval's expiration date, shall be submitted with the following documentation:

(1) three (3) copies of the revised plan and specifications;

(2) two (2) copies of the revised design calculations, as required by subsection (b) (2); and

(3) the plan check fee, for the first hour, for each plan.

(i) An applicant with a revised standard plan approval shall submit the following to the department:

(1) an application for a standard plan approval as specified in subsection (b) (1) above;

(2) copies as specified in subsections (h) (1) and (2) above; and

(3) a resubmission fee, as specified in ~~sub~~Section 2020.9(b)(7) above, for each plan.

(j) A revised plan submitted pursuant to ~~sub~~Section 2020.9(i) above, shall be processed as provided by subsection (h) or subsection (i), depending upon whether or not the changes to the plan are substantive. A plan submitted after the final expiration shall be processed as a new application with appropriate fees assessed.

(k) When amendment of applicable laws or the department's regulations requires changes to an approved plan, the department shall:

(1) notify the applicant of the changes, and

(2) allow the applicant one hundred eighty (180) days from the date of notification to submit a revised plan for approval or until the expiration date of the standard plan approval, whichever occurs first.

(l) Written approval shall be evidenced by the department's stamp of approval on the plans. The stamp of approval shall include a unique department-issued standard plan approval identification number for each approved plan, specification, or installation instruction.

(m) Standard plan approval for each accessory building or structure, foundation system, or engineered tiedown system is contingent upon compliance with the requirements of this article. The department may

conduct inspections to determine compliance with an approved plan. Violation of any of the provisions of this article or variations from an approved plan shall be cause for cancellation of the standard plan approval.

(n) Reproductions of an approved plan bearing a department-issued standard plan approval for the purpose of obtaining a permit to construct a foundation system or accessory building or structure shall be clear and legible.

(o) When an applicant who has obtained a standard plan approval, discontinues the business, has notified the department, or the department makes that determination, the standard plan approval shall be canceled.

(p) The department shall be notified of any change in the name of an applicant or change in name or ownership of an applicant's business. The department may grant a standard plan approval to the new owner, if the new owner provides a written certification that the accessory building or structure foundation system or engineered tiedown system will be constructed in accordance with the existing standard plan approval and submits the completed form designated by the department, together with a ten dollar (\$10) fee. The certification, application, and fee shall be submitted for each plan with a separate standard plan approval.

(q) An applicant shall notify the department, in writing, within ten days of any change to their address. The notification shall be accompanied with a ten dollar (\$10) change of address fee.

(r) Plans with a standard plan approval from the department shall be accepted by the enforcement agency as approved for the purpose of obtaining a construction permit if when the design loads and allowable soil conditions specified in the plans are consistent with the requirements for the locality. Local enforcement agencies shall not require the original signature of the architect or engineer on the standard plan approval.

## Chapter 2.2. Special Occupancy Parks

### Amend Title for Article 10.

#### Article 10. Violations, Complaints, Abatement, and Hearings.

##### Amend Section 2611.

##### **§ 2611. Notice of Violation, Complaints, and Orders to Correct.**

(a)(1) Whenever the enforcement agency finds a condition that constitutes a violation of this chapter, the Health and Safety Code, or any other applicable provision of law, the enforcement agency shall provide a written notice to the person or entity responsible for correction of the violation.

(2) The written notice shall state the conditions which constitute the violation including a reference to the law or regulation being violated, and shall order its abatement or correction within five (5) days after the date of notice, or a longer period of time as allowed by the enforcement agency.

(3) If a unit is in such condition that identification numbers are not available to determine ownership, the notice shall be given to the owner of the real property, or if located in a park, the owner or operator of the park.

(4) Whenever the enforcement agency determines a unit, habitable accessory building or structure, or permanent building constitutes an imminent hazard representing an immediate risk to the life, health, or the safety of an occupant, the enforcement agency shall post a notice on the structure, declaring it uninhabitable. The unit, habitable accessory building or structure, or permanent building shall not be occupied until deemed safe by the enforcement agency. At the time of the posting, the enforcement agency shall issue a notice as described in this section. A copy of the notice shall be issued to the occupant of the unit, accessory building or structure, or permanent building, if different from the registered owner.
